

Project Lead/ Product Owner Designation

WTS assigns Mark Horwath as the Project Lead of the referenced procurement prototype development effort and as the Product Owner of the prototype itself. For further detail please refer to the provided resume.

As the product owner Mr. Horwath will have the authority to and be accountable for:

- Make business, product, and technical decisions;
- Establish direct business relationship with the external stakeholders, i.e. FDA business user ;
- Assign tasks and work elements to the multi-functional team;
- Manage the feature and bug backlogs;
- Implement user-centric approach to software architecture and development.

In accordance with the authorities given, Mr. Horwath will be ultimately responsible for the success of the overall development effort by ensuring the delivery of measurable high quality customer service.

Mr. Horwath will assemble and lead a multi-functional team, as described in Criterion #2, to develop the prototype. Please refer to the Multi-functional Team Designation document for details.
